Release notes FirstSpirit – FormEdit[5.5]

Upgrade Information

For the case that an older version of the module is already installed, the page templates, the paragraph templates, the link templates and the scripts must be upgraded manually.
Install the module into an empty project and copy the templates into the existing project.

New Features

ID	Category	Description
FORM-16	Extension	Migrate supplied templates to new input components
FORM-10	Extension	Remove PPool info from link template

Compatibility

Product	Version(s)	Notice
FirstSpirit	>= 5.0
