

# BP for FirstSpirit 7.3 - Release 4.9

## Release Notes

### **Fixed Bugs:**

#### **BUG - UpdatePCDOptimized does delete Structure before updating 7.3**

PCDOptimization deletes the PCD Structure before updating it. If a change on the entry point is detected, the entry point folder is deleted and recreated. This no longer happens.

### **Implemented Features:**

#### **SAP NetWeaver 7.3 SPS 4**

Support für SAP NetWeaver 7.3 SPS 4
