FirstSpirit™ Version 5.2 Release 11

Version	**5.2.1102**
Status	**RELEASED**
Date	**2017-07-10**
Department	FS-Core
Copyright	2017 e-Spirit AG
File name	Releasenotes_5.2.1102_EN

e-Spirit

Table of contents

1   Modules: OfficeConnect

1.1   Pasting as plain text with Ctrl+Shift+V

When using the FirstSpirit module "OfficeConnect", contents from the clipboard can now be pasted as plain text - without formatting, links, images, etc. - via the keyboard shortcut Ctrl + Shift + V . The ruleset selection dialog will not be shown; the text will be pasted directly at the desired position in the DOM editor.

In this context, the error message "No compatible format found in clipboard!" which was previously displayed when using Ctrl + Shift + V has been removed.

For further information, see Module documentation for *FirstSpirit OfficeConnect*.

2   Overview

ID	Description	Categories
194843	When using the FirstSpirit module "OfficeConnect", contents from the clipboard can now be pasted as plain text - without formatting, links, images, etc. - via the keyboard shortcut Ctrl + Shift + V . Further information can be found in chapter "Modules: OfficeConnect: Pasting as plain text with Ctrl+Shift+V".	Clipboard, Editor, Modules, SiteArchitect
199208	Improved evaluation of rules in child forms of the input components FS_LIST.	Dynamic Forms, SiteArchitect
200424	The method **installFeature(FeatureFile, LayerMapper)**, part of the interface **FeatureInstallAgent** (FirstSpirit Developer-API, Package **de.espirit.firstspirit.feature**), has been optimized.	Content Transport, External synchronization, FirstSpirit API
200681	Improved performance of preview calculation.	Preview
200712	The performance when saving forms with many database references has been improved.	SiteArchitect
200735	In rare cases, erroneous behavior could occur when displaying the reference graph of a root node.	SiteArchitect

ID	Description	Categories
200994	Performance improvements related to use of the input component CMS_INPUT_COMBOBOX.	Input Components, SiteArchitect

3 Categories

3.1 Clipboard

ID	Description
194843	When using the FirstSpirit module "OfficeConnect", contents from the clipboard can now be pasted as plain text - without formatting, links, images, etc. - via the keyboard shortcut Ctrl + Shift + V . Further information can be found in chapter "Modules: OfficeConnect: Pasting as plain text with Ctrl+Shift+V".
