

Release notes FirstSpirit – EnterpriseSearch

The EnterpriseSearch module version 3 is tailored to the usage with Exalead Cloudview 6 and not compatible to older versions. Although it is possible to use version 2 together with Exalead Cloudview 6, we recommend an update to version 3 as some basic libraries have been updated.

Fixed issues

ID	Category	Description
-	Webapp	Adaptations of access to AccessControlDb to latest FirstSpirit version

Compatibility

Product	Version(s)	Notice
FirstSpirit	5.2 <= except 5.2.1608	Java Build Target 1.7
